

Our Vision

To be the most impactful connector of community philanthropic resources.

Our Collective Influence

To grow, lead, and succeed, it's crucial to take stock of what we have done, where we are now, and how we plan to get where we want to go.

The Omaha Community Foundation is in the midst of a transformative period. It's a time when intention, influence, and innovation are especially important, and we appreciate our family of donors now more than ever. You are at the heart of who we are as an organization, and your leadership and vision for our community are key to our collective future.

Included below are the strategies, along with the corresponding results, that we employ to accomplish our organizational goal of being the most impactful connector of community philanthropic resources.

We're grateful to everyone within the Omaha Community Foundation family who made these results possible.

① Investing in the community to create a thriving environment for all.

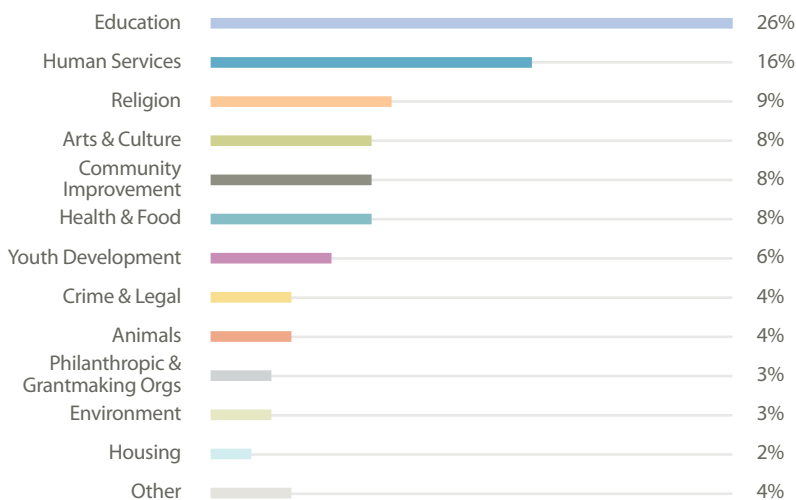

1,238 Donors
made
