Omaha Community  
Foundation

Good grows here.

## Let Good Grow

The Let Good Grow Fund supports the Omaha Community Foundation and execution of our programs. It provides a nimble resource to tap for timely community needs and seeds funds for innovative, philanthropic avenues.

**We rely on this fund to finance a good portion of our work.** So many life-changing programs have had their start or have been boosted by this fund, but we do need gifts from our community to ensure it can continue to make an impact.

**With your support, we can have a robust, sustainable place from which good can grow.** I hope you will consider donating to this foundational fund today.

Sincerely,

**Donna Kush**

*President & CEO*

# Let Opportunities Grow

By supporting the Let Good Grow Fund, you create ready opportunities, like these and more, that produce substantial results in our community.

**When our community needed to brave the pandemic's impact, we grew a COVID-19 Response Fund and evolved it into the Community Resilience Fund.** Over a year after the outbreak, COVID-19 continues to take its toll on our nonprofit community. Many have seen an increased demand for services while the pandemic widened racial, economic, and gender inequalities. The evolution of this fund addresses both the emerging and long-term needs of our community as it recovers and rebuilds.

**\$350,000**

GRANTED TO 24 NONPROFITS

**When relief needed to be dispersed efficiently and quickly, we exercised our agility and grant-making expertise.** We were able to provide our knowledge and help accomplish an unexpected, monumental task—awarding \$28 million in CARES Act funds to local nonprofits—in partnership with Douglas County.

**\$28 MILLION**

DEPLOYED THROUGH 323 GRANTS  
TO LOCAL NONPROFITS

**When local organizations needed ways to bridge funding gaps, we launched the Community Loan Fund.** This provides a sustainable resource that facilitates the local investment of additional charitable capital in response to community needs, providing both a financial return to the fund's investors and a social return for the community through impact investing.

**\$200,000**

INVESTED IN  
NATIVE360

**\$400,000**

**\$1.5 MILLION**

INVESTED SINCE INCEPTION

**When you needed robust data and thoughtful insights to inform your giving, we refreshed The Landscape.** This online resource provides a snapshot of our community today and reveals areas where we could improve quality of life. Recently updated and integrated on our website, it allows donors to access and interact with vetted research.

COMMUNITY TODAY

## Let Your Impact Grow

When you support this fund, you let good grow here. With your gifts, we're able to address urgent needs, incubate innovative ideas, and research important issues that impact our communities.

# Get in on the Ground Level

The Let Good Grow Fund ensures the Omaha Community Foundation can continue responding to community needs in real time and producing innovative initiatives so everyone here has the opportunity to thrive.
