

Growing Good, Together

By donating to the Let Good Grow Fund, you're supporting a connected community of passionate philanthropists, strong nonprofits, and thriving residents. This strategic work and more is made possible through the fund.

Omaha Community Foundation

Growing good, together.

We partnered with the City of Omaha to develop and administer the ARPA Community Grant Program, taking advantage of our grantmaking experience and community connections.

\$10 MILLION

IN COMMUNITY
GRANTS

The Foundation hosted three training sessions and provided in-depth coaching appointments to guide nonprofits through the application process. Beginning in July 2022, \$10 million in grants will be distributed in our community to expand and enhance existing programs in areas of crisis intervention and violence prevention as well as workforce development.

Our Nonprofit Capacity Building program has successfully increased organizations' capacity in areas such as board leadership, strategy, fund development, program design, and more.

76 NONPROFIT EXECUTIVE DIRECTORS

HAVE COMPLETED THE PROGRAM

Using findings from our program evaluations and based on OCF's racial equity journey, we've made several updates, including more inclusive eligibility requirements for grassroots organizations, more diverse program leadership, and a co-created curriculum that seeks to unpack and uplift the unique experiences of nonprofit leaders of color.

When our community's nonprofits continued to brave the pandemic's impact, we evolved the COVID-19 Response Fund into the Community Resilience Fund.

\$2,027,943 GRANTED

TO 88 NONPROFITS
SINCE 2020

Moving forward, the Community Resilience Fund will operate on an as-needed basis to provide timely, flexible grantmaking when unexpected and urgent needs arise in our community. We're putting this adaptable grant program in place to increase equity, opportunity, and wellbeing to make sure our nonprofits—and those they serve—are resilient.

This strategic work and more is made possible through the fund.
