

INVESTMENT PROGRAM OPTIONS

Donors have the option of recommending a preferred Investment Program for Funds they establish at the Foundation. All recommendations are subject to the Foundation’s approval, as it retains exclusive legal control over the Funds and their ongoing investment and ultimate use. The Foundation offers several Investment Programs, all of which are monitored by its experienced Finance Committee and Investment Subcommittee. The Foundation recommends that Donors consult with their own financial and tax advisors in choosing which Investment Program to recommend, considering the Donor’s philanthropic goals and anticipated grantmaking time horizon.

*If interested in this Investment Program, please contact the Foundation's Donor Services Team.

All investment programs are subject to the Foundation's Administrative Fee. Administrative Fees are fees charged by the Foundation and vary depending on the type of Fund. These fees are used to support the Foundation's work in our community. By contrast, Investment Management Fees and Embedded Mutual Fund Fees are paid to third parties and are not retained by the Foundation. Investment Management Fees are fees charged by a third party including an asset manager or investment advisor. Embedded Mutual Fund Fees include operating expenses charged to the Fund and are paid at the mutual fund level.
